WiFi and VPN

WiFi

- eduroam is a european project enabling scientists and students of member institutes to connect to the Internet via WLAN
- available on all locations of the TUM, in the Munich city center and at various german and european universities
- Login with your TUM-ID@eduroam.mwn.de e.g. gu95hop@eduroam.mwn.de and your personal password

VPN (Virtual Private Network)

- Enter the MWN (Munich Scientific network) from anywhere via VPN
- Download the VPN-Client at LRZ: www.lrz.de
- Login with your TUM-ID and your personal password

E-Mail

- Choose a TUM e-mail address, e.g. max.mustermann@tum.de in TUMonline
- Choose a forwarding address or use the TUM Exchange system

Exchange

- We recommend to use the TUM mailing system Exchange
- Access to the TUM addressbook, a joint calendar, 1 GB storage
- Access via internet (<http://mail.tum.de>) or by embedding in common e-mail programs

Personal Storage

Online Storage (NAS)

- 50 GB personal, free storage available
- Accessible via internet (<http://webdisk.ads.mwn.de>) or VPN
- Easily to embed as a network device and access from the MWN or via VPN
- Link in TUMonline

Sync+Share

- Alternative to dropbox, 50 GB personal, free storage available
- Accessible via internet (<http://syncandshare.lrz.de>)
- Storing and sharing data with TUM members and external people

Software

- Overview in TUMonline at „Software“
- Several Microsoft products (Windows, Office 365, ...)
- Mathworks products: Matlab, Simulink, Toolboxes
- Origin, Mindmanager
- Organize your references with EndNote and Citavi
- Malware protection „Sophos“ , download at the LRZ
- Hardware: low cost offers via „Apple on Campus“

Notebooks and CIP pools

Notebooks

- The student council takes care of the notebooks to loan:
www.asta.tum.de
- Lending for 3-6 months

CIP pools

- Computer workplaces available at the departments
- Please contact the student councils of the departments for more information

Video Training, Printing and Scanning

Video Training

- www.video2brain.de (German)
- www.lynda.com (English)
- Video trainings for software products (CAD, Adobe, Microsoft, ...) and soft skills (presentations, body language, ...)
- Login with TUM ID and personal password

Printing and Scanning

- Printers at the departments: please contact the student councils
- Printing & scanning at the LRZ: www.lrz.de
- Multimedia laboratory in the LRZ: A0-scanning, film scanning, video editing workplaces, ...
